Sniff n' Stop RV Kit

The perfect RV kit to eliminate insects and rodents - they simply stay away! No harmful or dangerous chemicals, long lasting protection saving you time and energy over traditional pest killing baits and sprays. Includes two different products for specific uses. Contains 1 large pouch that you can hang or place in a large storage area or any place that may be subject to insect or rodent intrusion. Also contains 6 small pouches that you can place in small interior storage areas, under sinks, in food cabinets or drawers. In addition, a spray product is included to stop ants from invading through every ground contact - tires, connecting hoses, or jacks/stabilizers. Lightly mist the RV interior at floor level and interior/exterior storage areas prior to placing unit in storage.

\$17.99

1-03620 **V23620** Sniff 'n' Stop RV Kit **Sale Price \$17.99**

CAMCO

RV Water Heater Tank Rinsers

Flush accumulated sediment from your water heater tank to prevent corrosion, restore heating efficiency and extend water heater life. Connects to any garden hose to send a concentrated stream of fresh water into the tank when inserted through the drain valve opening. Angled tip flushes sediment back out the drain opening. Handy built-in, thumb-operated water on/off valve. High-impact plastic won't rust or corrode, 13" Length.

\$5.59

5-01691 **11691** Water Heater Flushing Tool **Sale Price \$5.59**

Sniff n' Stop

Rid your RV of all troublesome pests! These simple to place pouches keep ants/insects and rodents away for up to a year. Made of all natural essential oils, they are safe and effective for people and pets. To use, place or hang them inside RV engine/storage compartments, under sinks or inside closets - anywhere there's a problem or risk of infestation. 6 individual pouches per box.

**\$114⁹⁹****9-60360 92360 Porta Potti 550E "Curve" Sale Price \$114.99****SuperGlide**

15K ISR SuperGlide

SuperGlide is the ONLY true solution to safe 5th wheel towing with short bed trucks - protecting passengers, trucks, & trailers. SuperGlide automatically moves the trailer away from the cab while making turns - allowing up to 90-degrees turning without stopping, slowing down, or even thinking about the space between the truck and trailer - and then automatically returns the hitch & trailer to the safe towing position over the truck axle when the turn is completed - going forward or backing up. All SuperGlide hitches feature fully articulating dual pivot head, and Super 5th's unique rotary latch that locks automatically when hooking up to the trailer. The gear driven latch design minimizes "bump" while towing by allowing only .030" clearance between king pin and latch. Can be mounted using PullRite's new "Industry Standard" Universal Base Rail Mounting Kits, or using most other brands of Base Rails using their Universal Mounting Kits. (Requires either QuickConnect Capture Plate or Universal Capture Plate for installation - see application chart for part numbers).

Universal Igniter Board For Water Heaters, Furnaces, & Refrigerators

The UIB Series Igniter boards are for use in furnaces, water heaters and some refrigerators. These two basic boards have spade high voltage connectors are all "3 try" boards. The replaceable fuse protects the board from short circuits LED turns red when the board activates the gas valve. The boards also have very good surge protection and tolerance to ripple voltage from "battery charger type" converters.

**\$72⁹⁹****BUY 3 OR MORE @ \$67.99 EACH****5-59001 UIB S Ignition Board Small 4.25" x 3.25" Universal Sale Price \$72.99**

Fan Control Igniter Board

The basic purpose of a Fan Control Igniter board is to shut the fan motor off if the board fails to sense a flame after the third ignition try. Thus, battery drain is reduced and the needless blowing of cold air is eliminated. The FAN 50 Plus, after shutting the fan motor off, will wait for 1 hour and repeat the whole sequence again before permanent shut down. For 12-VDC Furnaces ONLY! The "Fan Control" feature MUST BE USED for proper operation of this board. Jumper selectable operation 12-VDC operation Works in 12-VDC furnaces* Micro controlled 3.35" x 4.25" Diagnostic LED Instructions Three year warranty.
