## Patriot

**\$92000**

Welcome to the world of wireless braking! The Patriot brake proportionally applies the brakes smoothly while you're slowing to a stop. Now more jolts from your towed vehicle! The Patriot uses an electrical cylinder which means there are no air pumps, storage tanks or hoses to eliminate the chance of leaking. The built-in battery backup ensures power is always available to the brake. The innovative in-coach controller allows you to monitor the brake using the easy-to-read LED display as well as manually applying the brakes and adjusting the brake system gain.
